Dolch Reading is a comprehensive supplemental reading program consisting of:

- Basic sight vocabulary
- Sets of high-interest, easy-reading books for fluency practice at any age

This program contains books that can also be used as recreational reading for on-level students.

This newly revised program now includes:

- A CD-ROM with puzzles and games
- A Professional Development Guide written by Dr. Michael Pressley
- The Reading and Writing Practice Books contain Dolch stories and comprehension practice. One practice book is available for each set of readers.

The Dolch 220 Basic Sight Words and 95 Common Nouns lists contain 75%-85% of the words in early readers.

Two sets of revised Popper Word Cards, which contain the 220 words from the Dolch Basic Sight-Word list, help reinforce students’ sight-word vocabulary.

New Picture Word Cards cover the Dolch 95 Most Common Nouns. These illustrated cards contain words that interest young students and often appear in their reading materials.

A set of 140 Phrase Cards that uses two- or three-word common phrases helps students learn words from the 95 Common Nouns list and the 220 words from the Dolch Basic Sight Word list.

With its bingo format, the Word Game uses the 220 words from the Dolch Basic Sight-Word list and has enough materials for six players to play at one time.

Use the Dolch Reading program to build important skills for:

- Beginning readers
- Remedial readers
- At-risk students
- ESL students

Students get plenty of practice with:

- Basic Sight Words
- Common Nouns
- Reading activities
- Writing activities
- Fill-in-the-blanks books
- Crossword puzzles
