

## Pairing MyCanvas and Connect

Accessing Your Required  
Course Material

---

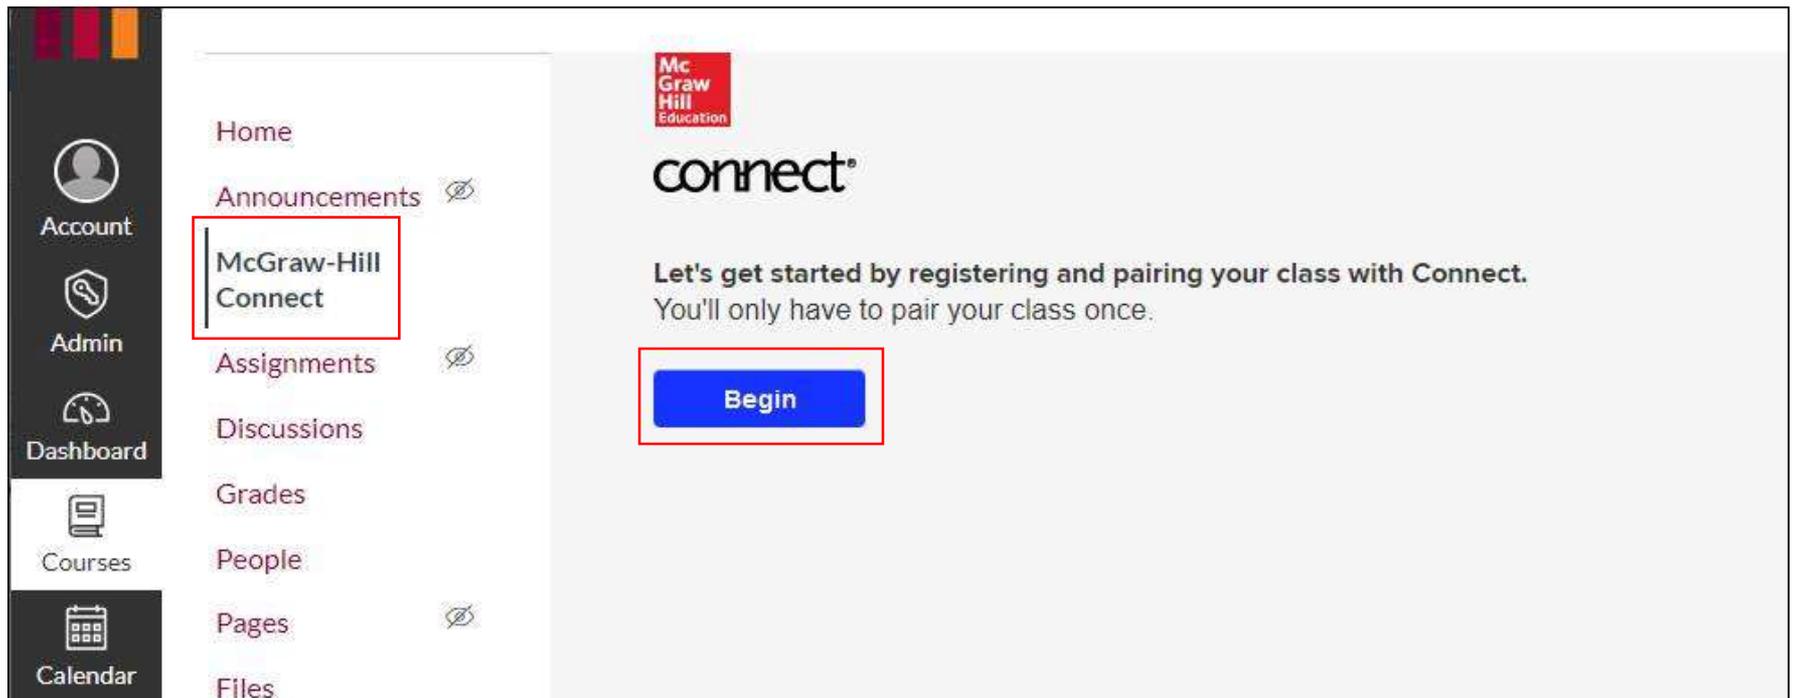

connect<sup>®</sup>

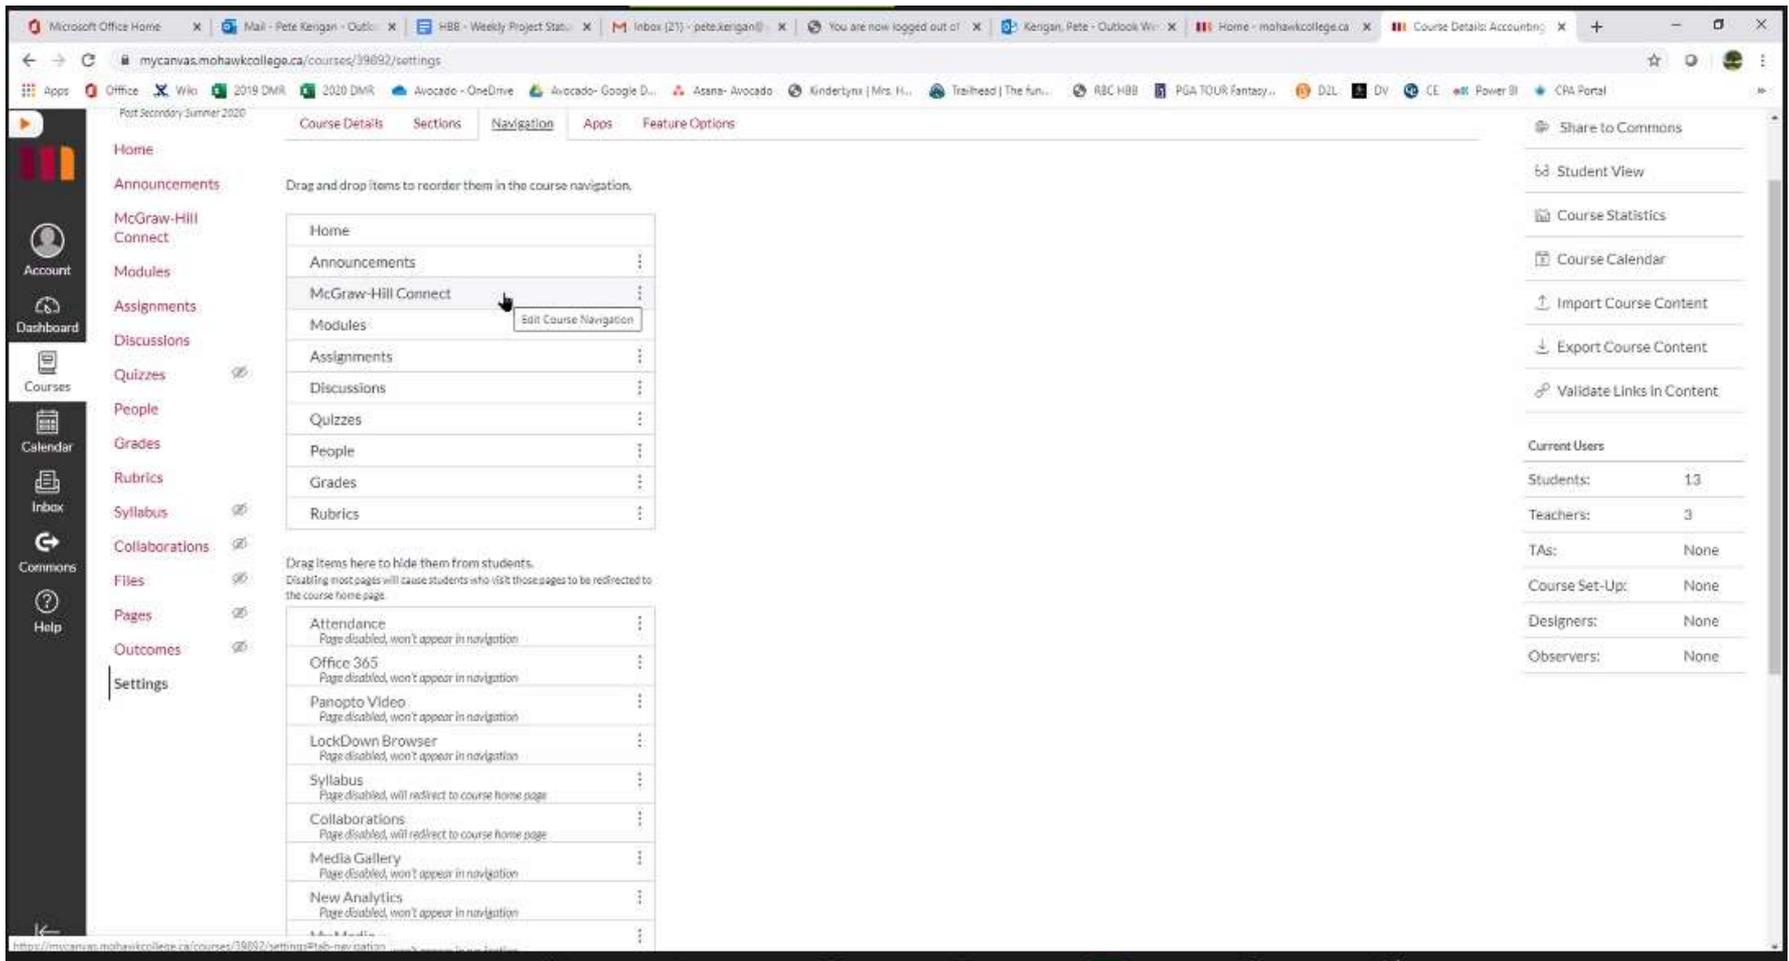

Because learning changes everything.<sup>®</sup>

## Step 1: Pairing MyCanvas to Connect

The McGraw Hill Connect tab should already be loaded into all MyCanvas courses. If you do not see the McGraw Hill Connect tab under your Courses tab, please first check the other tabs before reaching back out to [\[insert your email address here\]](#)

In MyCanvas, click on the course you want to pair, click on the Courses tab and McGraw Hill Connect. Click on the tab and then click BEGIN

If the **McGraw Hill Connect** tab is not available within your tabs on the left hand side of the screen, you will need to navigate to **SETTINGS** → **NAVIGATION** and then drag the McGraw Hill Connect disabled, won't appear item from the bottom list to the list of active folders within the course navigation.

## Pair your course with Connect

### Sign In Once

Access Connect when you sign in to MHE Demo Canvas.

### Your Assignments In One Place

Post Connect assignments for students along with your other MHE Demo Canvas assignments.

### Grading Made Easy

Relax, your Connect scores will automatically appear in the MHE Demo Canvas Grade Center.

Sign in with your Connect / McGraw-Hill account

Email address:

example: joe@email.com

Password:

[I forgot my password](#)

**SIGN IN**

Sign in with your regular email address, NOT your institution login.

[Register for a Connect account](#)

You will now be asked to log into Connect. Please use your Connect username and password to log into Connect.

Hi, Todd !

## Pair your course with Connect

### Your MHE Demo Canvas Course

pair with  :

- A section in a **new** Connect course
- A section in an **existing** Connect course

After logging into Connect, you will be asked to pair your MyCanvas course with a new Connect course (hasn't been set up yet) or an Existing Connect Course (one that has already been set up). In most cases, please select **EXISTING**.

**SELECT ONE:**

## **ACCOUNTING CANADA**

**LearnSmart**

**Buckwold 20th edition 2017-2018**

**Demo**

**LearnSmart**

**Hilton 9th Canadian Edition**

**Libby - Financial Accounting**

You will now see a listing of the titles in your Connect account, select the title you are going to pair with.

## Select a section of this course ✕

**Course**

## Step 2: Deploying Assignments from Connect to MyCanvas

---

# Deploying Assignments from Connect to MyCanvas

New for Summer 2020 and moving forward, the pairing option between McGraw Hill and Canvas allows for the assignments from Connect to sit directly within the Canvas course. Deploying assignments over to Canvas will automatically create a column for each assignment within the gradebook. When the due date passes for the assignment, the gradebook will automatically be updated.

If you have Connect assignments that are not for grades, but for practice, and if you deploy them to MyCanvas, you will need to ensure that you set their weighting to 0 in the gradebook.

When you deploy the assignments from Connect over to MyCanvas, they will be deployed over the to ASSIGNMENTS tab within the Canvas course.

Once you have deployed your assignment, you will notice a Red Canvas Icon next to the assignment to confirm it has been deployed.

The screenshot displays the Canvas LMS interface for a course named 'toddemocourse'. The left sidebar is a dark blue navigation menu with icons and labels for 'Account', 'Dashboard', 'Courses', 'Calendar', 'Inbox', 'Commons', and 'Help'. The main content area has a breadcrumb trail 'toddemocourse > Assignments'. Below this is a search bar labeled 'Search for Assignment' and two buttons: '+ Group' and '+ Assignment'. A list of assignments is shown below, with a folder icon and the text 'Assignments' at the top. Underneath, a single assignment is listed: 'Demo Assignment' with '10 pts' and a green checkmark icon.

After you deploy the assignment, you will now see the assignment listed in the folder/destination you selected within Canvas. This is the purpose of deploying, having the assignments sit directly in MyCanvas for ease of student access.

The screenshot shows a user interface for a course named 'toddemocourse'. The breadcrumb navigation indicates the user is in the 'Grades' section. On the left, a dark sidebar contains navigation icons for Account, Dashboard, Courses, Calendar, Inbox, Commons, and Help. The main content area has a header with 'toddemocourse > Grades' and a search bar. Below the header, there are dropdown menus for 'Gradebook', 'View', and 'Actions'. A table is displayed with the following structure:

Student Name	Demo Assignment Out of 10	Assignments	Total
--------------	------------------------------	-------------	-------

The 'Demo Assignment Out of 10' cell in the table is highlighted with a red border. To the right of the table, there is a search bar with the text 'Search...' and a gear icon for settings.

Notice the assignment is also listed in the gradebook now.

The second method for deploying assignments from Connect to MyCanvas is directly from the Section Home Page. This method will allow you to deploy multiple assignments at a time. First, click the white check box to the right of one/multiple assignments.

The screenshot displays a course management interface. At the top, there is a teal navigation bar with icons for home, library, performance, and a dropdown for 'My courses'. Below this, the 'section overview' tab is active. The main content area shows 'no messages to show' and 'no assignments to grade'. An 'Assignments' section includes an '+ Add Assignment' button and a table of assignments. A context menu is open over the table, with the 'Deploy / manage' option highlighted. The right sidebar contains 'Section info' (Instructor: Todd Kirkpatrick), 'Sections and colleagues', an 'eBook' titled 'DEMO - Libby (CDN), Financial Accounting, 7ce', and 'Section performance'.

Your assignments are now deployed as noted by the red Canvas icon.

The screenshot displays a course management interface for 'todddemocourse' with the 'Assignments' tab selected. On the left is a dark sidebar with navigation icons for Account, Dashboard, Courses, Calendar, Inbox, Commons, and Help. The main content area features a search bar labeled 'Search for Assignment', buttons for '+ Group' and '+ Assignment', and a list of assignments. The list includes 'Demo Assignment' (10 pts) and 'Demo Assignment 2' (10 pts), both marked with green checkmarks. The 'Demo Assignment 2' entry is highlighted with a red rectangular border.

Assignments		+	:
⋮	Demo Assignment 10 pts	✓	⋮
⋮	Demo Assignment 2 10 pts	✓	⋮

You will now see that the second assignment that was deployed is also now listed in your Assignments tab in Connect.

The screenshot shows a user interface for a course named 'todddemocourse' in the 'Grades' section. On the left is a dark sidebar with navigation icons for Account, Dashboard, Courses, Calendar, Inbox, Commons, and Help. The main content area has a breadcrumb 'todddemocourse > Grades' and a navigation bar with 'Gradebook', 'View', and 'Actions' dropdown menus. A search bar and a settings gear are also present. Below this is a table with the following structure:

Student Name	Demo Assignment Out of 10	Demo Assignment 2 Out of 10	Assignments	Total
--------------	------------------------------	--------------------------------	-------------	-------

The 'Demo Assignment 2' column header is highlighted with a red rectangular box.

The newly deployed assignments is also now listed in the gradebook.

## Accessibility

If you have any questions or concerns about interacting with our products, please contact your university's accessibility office.

# Do you want to be a Student Ambassador?

Are you interested in being a voice for the students? We are looking for university students who are passionate about digital learning, keen to support their peers and develop their professional skills.

As a digital learning advocate, you can connect with students and instructors in their institution by **sharing your first-hand experiences** and **best practices of using McGraw Hill digital products**.

By working closely with McGraw Hill staff, you can gain **real-world experience** and **professional development skills** to educate faculty and their students on the benefits of implementing and utilising digital learning tools to improve academic outcomes.
